

## **ABOUT OBERTHUR TECHNOLOGIES**

OT is a world leader in embedded digital security that protects you when you connect, authenticate or pay.

OT is strategically positioned in high growth markets and offers embedded security software solutions for "end-point" devices as well as associated remote management solutions to a huge portfolio of international clients, including banks and financial institutions, mobile operators, authorities and governments, as well as manufacturers of connected objects and equipment.

OT employs over 6 300 employees worldwide, including almost 700 R&D people. With a global footprint of 4 regional secure manufacturing hubs and 39 secure service centers, OT's international network serves clients in 140 countries.
